DETAILED ACTION

1. This Office action is in response to correspondence filed December 12, 2008 in reference to application 10/674,573. Claims 1-5, 7-17, 19-22, and 24-36 and pending and have been examined.

Response to Amendment

2. The amendment filed December 12, 2008 has been accepted and considered in this office action. Claims 1, 3-5, 16, 20-22, and 32 have been amended.

Allowable Subject Matter

3. Claims 1-5, 7-17, 19-22, and 24-36 are allowed. The following is an examiner's statement of reasons for allowance:

4. Consider claim 1, the prior art of record, Walker, Goldberg, Stammner, Kanevsky, and Murphy, do not specifically teach or fairly suggest alone or in combination the limitations of "changing to a different recognition vocabulary responsive to the at least one implicit command; and identifying acoustic data segments in the utterance that are data parts of at least the at least one implicit command based on file acoustic word boundaries and using at least the different recognition vocabulary." Therefore claim 1 is allowable over the prior art of record.

5. Claims 2-5 and 7-14 are allowable as well as they are dependent on and further

Art Unit: 2626

limit claim 1.

6. Claim 15 is allowable as well as it requires all allowable limitations of claim 1

7. Consider claim 16, the prior art of record, Walker, Goldberg, Stammier, Kanevsky, and Murphy, do not specifically teach or fairly suggest alone or in combination the limitations of wherein the at least one explicit command is extracted using a current recognition vocabulary, and said step of executing the implicit command includes changing a recognizer vocabulary, and wherein the method further includes decoding uudecoded information in the acoustic voice data using the changed recognizer vocabulary." Therefore claim 16 is allowable over the prior art of record.

8. Claims 17, 19-22, and 24-30 are allowable as well as they are dependent on and further limit claim 16.

9. Claim 31 is allowable as well as it requires all allowable limitations of claim 15.

10. Consider claim 32, the prior art of record, Walker, Goldberg, Stammier, Kanevsky, and Murphy, do not specifically teach or fairly suggest alone or in combination the limitations of "processes remaining portions of the utterances including processing audio data parts of the implicit command separately from the explicit commands using a different vocabulary, the vocabulary being selected in accordance

Art Unit: 2626

with the at least one implicit command. " Therefore claim 16 is allowable over the prior art of record.

11. Claims 33-36 are allowable as well as they are dependent on and further limit claim 32.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
